## **CME RE-CERTIFIED TO ISO/IEC 17025 CALIBRATION STANDARD**

**Pinellas Park, FL – Custom Manufacturing & Engineering, Inc. (CME)**, a small business leader in manufacturing and engineering solutions to Federal Government and Industry, is pleased to announce that it is re-accredited by NSF-ISR registrar for ISO/IEC 17025:2005 *General requirements for the competence of testing and calibration laboratories*. This accreditation through August 2020 demonstrates technical competence for a defined scope and the operation of a laboratory Quality Management System (per the joint ISO-ILAC-IAF Communiqué dated April 2017). CME's laboratory also meets R205 – Specific Requirements: Calibration Laboratory Accreditation Program.

Dr. Nancy Crews, CME CEO/President, highlighted the ongoing importance of CME's A2LA accredited lab for their customers in this way: "With years of delivering specialized in-house and contract Repair and Calibration services to our customers, this continued accreditation demonstrates our strong commitment to them as we provide high quality, commercially available ISO/IEC 17025 Calibration services. We provide the best possible support to our customers in Aerospace/Defense, Automotive, Energy, and other Industrial markets. This accreditation assures our customers that we have skilled people in the CME organization, exercising sound engineering principles in order to deliver NIST-traceable calibrations with the highest possible accuracy."

### **About CME**

Located in Pinellas Park, Florida, CME employs a diverse group of engineering and manufacturing personnel. In addition to Repair and Pressure Calibration Services, CME provides design, development, and manufacture of Electrical/Electronic products including Electronic/Electrical Assemblies, Wire Harnesses, Custom Power Distribution products, Control/Display Panels, and Special Test Equipment. CME has won local and national technology awards and is a developer of innovative products for government, commercial and industrial applications. CME's most recent honor is being selected by GrowFL in 2018 as one of *50 Florida Companies to Watch*.
